

The Constitution of and/or for – JESUS CHRIST LIVING GOD – the cornerstone of God’s church ... **is not needed ... WHY?**

## ARTICLE I – The Name

A constitution for **JESUS CHRIST LIVING GOD – the cornerstone of God’s church** is not founded ... for it is not a corporation or non-profit religious organization of any expression, but rather **in name only**, in and of itself; no physical building, as in a church; no money is exchanged; no memberships, nothing to join; and no law stating it to be illegal for one Christian to share with another about giving the church back to God.

Every mention of the name, **JESUS CHRIST LIVING GOD**, is done in reference to the cornerstone of God’s church. The requirement of a constitution around the name of **Jesus Christ**, who happens to be the living God, is to insist on a constitution at the mention of, Muhammad, Buddha, Confucius, or any other religious leader.

## ARTICLE II – The Ministry

Encouraging leaders to give the church back to God is a ministry; serving coffee is a ministry; collecting tithes & offerings is a ministry; baking is a ministry; selling cars can be called a ministry. ‘**a JESUS CHRIST LIVING GOD ministry**’ is a church that has given the church back to God.

Churches dedicated back to God, boldly proclaiming and posting the name, **JESUS CHRIST LIVING GOD – who is and always has been the cornerstone of God’s church**, is a boastful, public expression, that man is no longer in charge, and God is.
